Dean's Overview

Started in 1993, VGSoM is a pioneer B-school with the legacy of decades which has established itself as a benchmark for other institutes.

Dear Recruiter,

It gives me immense pleasure and pride in introducing you to our bright, vibrant and young MBA graduates. IIT Kharagpur, one of the oldest and prominent institutes across the world, is known for its rich pool of knowledge and expertise in the fields of engineering, management, pure sciences, and social sciences.

Vinod Gupta School of Management being part of this system provides ample opportunities to its students to leverage the strength of IIT ecosystem. Started in 1993, VGSoM is a pioneer B-school with the legacy of decades which has established itself as a benchmark for other institutes. VGSoM has been ranked 7th, among the top business schools in India, second time in a row in the NIRF rankings given by the Ministry of Human Resource Development.

Over the years, it has grown to be an exemplary business school offering innovative pedagogy of management education with the strong technical background. The MBA course is unique to the Indian management education system which seeks to create industry suitable candidates with academic excellence. The

objective is to develop leaders that can not only foster the growth of the global economy, but also ensure its sustainability. We seek to create ingenious and ardent individuals, to thrive in this dynamic business environment. Nonetheless we also award due attention in aligning every candidates' individual aspiration to the industry requirements in the best possible way.

It is our endeavour to the path of excellence to keep ourselves abreast with growing challenges in business and society. We are ever receptive to ideas and we build on them and implement them in a manner of excellence. We at VGSoM, IIT Kharagpur believe in building future leaders committed to making a social impact. The students with their scholastic brilliance combined with professional exposure and grounded values would propel organisations and economies into a better future.

I cordially invite you for the final and summer placements for the year 2018-19 and extend our commitment to engage in a long term and mutually enriching relationship with your revered organization.

Prof. Prabina Rajib
Dean, Chairman-Placements and
Corporate Contact
VGSoM, IIT Kharagpur

About the SCHOOL

Started along the lines of Sloan School of Management, MIT, Vinod Gupta School of Management is the first B-school to be established within the IIT ecosystem. Mr. Vinod Gupta, a distinguished alumnus of IIT Kharagpur, along with erstwhile Government of India founded the eponymous institute in 1993.

Mission

"To develop outstanding management professionals and future CEOs, who will lead organisations especially in technology-driven and knowledge-based industries, in the service of the nature and the community"

Vivacity of VGSoM

Vinod Gupta School of Management synergizes the latest managerial erudition with the dynamic requirements of the rapidly growing industry by leveraging the technical competencies of IIT Kharagpur. Born out of realization by some of the country's finest technocrats that the country needed managers with strong technical background, now in the latter half of 3rd decade of its existence VGSoM has contributed a huge number of managers, leaders and entrepreneurs to the world. The School offers a full-time MBA, as well as a special EMBA programme for working executives. Additionally, VGSoM runs one of the largest doctoral programmes in management in the country, and conducts MDPs which are short duration management development programmes that cater to managers from different functionalities in the industry.

THE MBA PROGRAMME

Vinod Gupta School of Management offers a comprehensive two-year Master in Business Administration. The MBA curriculum has been specially designed for graduate engineers and Master's degree holders in science, economics and commerce, combining the traditional strength of IIT in technical education with modern management philosophy. The school follows a blend of lectures from leading faculty members, case studies and group projects. Regular guest lectures from industry experts as well as live projects provide students with insight into the current global trends and future business opportunities. A two-month summer internship in industry exposes students to practical management problems. Some of the core subjects offered by the programme are Human Resource

Management, Production and Operations, Marketing, Finance, Information System Management, Organisational Behavior, Economics, Strategic Management, Legal Aspects of Business, Business Ethics, Quantitative Methods and Business Communication. Along with the core courses of the programme, other large number of electives from across several IIT departments are available for a student to pursue his/her individual interests in greater depth. In order to inculcate team orientation, all peripheral administrative functions in the school are managed by the students in team mode, which further prepares them to be the leaders of tomorrow.

MBA Admission Process

We at VGSoM ensure that every batch has enough diversity of gender, disciplines, experience, region and language to contribute diverse perspectives to any discussion which is considered essential in the management learning.

Admission to VGSoM is based on the Common Admission Test (CAT), the toughest management exam in the world in terms of success ratio, which is also considered by the IIMs, IITs and other top B – schools in India. However, a candidate must have a first-class Bachelor's degree in Engineering/Technology or a first-class Master's degree in Science (with Mathematics or Statistics at bachelor's level), Economics or Commerce to be considered for their admission in VGSoM. Eligible candidates, based on their CAT percentile, academic consistency and quality of work experience (if any), are called for writing ability test and personal interview at multiple locations across India. The aim of writing ability test and personal interview is to identify and select the students who have the necessary aptitude and the right attitude for a career in the management.

Facilities at Campus

VGSoM provides cutting-edge infrastructure and technology to its students and faculty, which includes:

- Central Library which is also available online and contains a huge database of books and research papers
- 24X7 computer laboratory with most up-to-date hardware and software technology
- Real time financial data through Bloomberg Terminals and Prowess CMIE
- Wi-Fi enabled campus
- Residential accommodation facility with high speed wireless internet as well as LAN

Clubs & Committees

Academics at VGSoM have always been supplemented by a host of student activities. Clubs offer students the opportunity to explore a multitude of co-curricular and extra-curricular activities.

The Admissions Committee

Is the face of the institute for the prospective entrants into its flagship MBA program each year. It also provides guidance, to the prospective entrants, on how to ace the post CAT admission processes through initiatives taken by the committee which includes dedicated social media handles, a WAT/PI kit to aid prospective candidates in subsequent admission processes of the institute, a dedicated mentorship program with the current batch of students enabling them to get a student's perspective.

The Alumni Committee

Acts as an interface through which the institute engages with its rich and diverse alumni base, serves them and helps them connect with each other and the entire VGSoM fraternity. The committee undertakes various measures to augment alumni engagement. It also conducts 'Connect', the Alumni City meets

Marketing and Advertising Club

The first club constituted in VGSoM has been a pioneer in conducting various events in the functional domain of Marketing and Advertising. The club aims to develop innovative solutions to tackle customer problems and strategies. The flagship competitions of MAD are Thinkvent and Leader's Challenge which attract enormous participation throughout the country.

The Consulting Club

Provides students a platform for swimming in and exploring deep in the world of consulting and analytics. Some of the flagship events conducted are-

- R'th Shastra: A unique session-cum-competition on R language
- Rana-Neeti: An epic battle of minds to come upon the best welfare policies

Scope

Provides a platform to students to gain a broader understanding of the opportunities, career paths, trends, and current burning issues in supply chain and operations management. SCOPE conducts multiple national level events:

- Modus Operandi: 500+ participants from top B-schools across India including IIMs, IITs, NITIE etc compete in an event which includes a quiz followed by corporate based case study competition.
- Chain Reaction: Students are supposed to study, analyse & present the supply chain model of Gartner top supply chain companies in the world.

witnessed participation of 1065 players from top b-schools like IIMs, FMS, XLRI & MDI

- Quizzard is the flagship event of Quiz Club held during Purvodaya

Flash

Attempts to capture indelible moments to be cherished forever. Flash conducts Destello, an online photography competition during Purvodaya with participation from over 100 b-schools across India.

Finterest

The portmanteau of 'Finance' and 'Interest'- stands true to its name as it provides finance enthusiasts of VGSoM a platform to discuss and imbibe the updates of the world of finance. Events:

- StockMind, a virtual stock market game
- Budget Briefcase, a forum where students discuss the expectations from the Union Budget regarding various sectors

E-Cell

Acts as a platform where students can develop their start-up ideas into viable business entities, starting from the sessions on entrepreneurship, mentoring the students and providing incubation facilities. It also provides live projects and winter internship opportunities to the students in potential start-ups

Quiz Club

Is a group of quizzing enthusiasts with the sole purpose of serving as a platform for peer learning and connecting quizzing enthusiasts from across the world. Events:

- Quizzical, an online national level quiz. Quizzical 2017

Team Olympia

Is the official sports committee of VGSoM, which hosts various sporting events and tournaments for the MBA students throughout the year like Racquets, Futsal (Football Premier League), VPL (VGSoM Cricket Premier League) and Viniculum.

Corporate and Media Interaction Cell

The Corporate and Media Interaction Cell of the Vinod Gupta School of Management, IIT Kharagpur is at the forefront of stringing together industry-academia and media-academia interactions for the institution. This committee is responsible for organizing annual events such as the HR Conclave and the Leadership Summit. Moreover, the cell organizes several interactions between the industry and the budding managers of VGSOM in the form of guest lectures under two distinct banners – Vaarta and Pratyaksh, all around the year, in the form of guest lectures under 2 distinct banners – *Vaarta* and *Pratyaksh*. It also actively manages VGSOM's footprints over a wide range of media platforms, both legacy and digital in nature, namely - Facebook, LinkedIn, Youtube, Twitter, and other national media houses. Cumulatively, these initiatives play an instrumental role in grooming the students of the institute to become best-of-breed managers, entrepreneurs, and industry leaders.

Summits and Conclaves

The HR Conclave is the flagship event of CMI. The conclave sees participation in the field of Human Resource Management from different leaders across industries. The day-long event sees top business strategists come together and discuss current practices in their industries. It thus helps in bringing awareness amongst the students. Samanjasya

Saamanjasya, the CSR club of Vinod Gupta School of Management strives for creating a brighter future and promoting eternal growth of the society. Team Saamanjasya is driven by passion and belief of eradicating the social issues pervasive in our society by bringing corporates, NGOs and academicians together. The team works with selfless devotion to achieve social equality, spread awareness, instill hunger for harmony into the aspiring leaders of tomorrow and help them align with their guiding stars on the path to success.

Our VGSOM family is emotionally attached to Disha Seema, a school founded by IIT Kharagpur alumnus for children from the less privileged sections of the society. Every year, a T-shirt sales drive is conducted and the profits are used to bring

*A million dreams these eyes see,
a billion ways to make them true,
Together we'll draw an enlightened tomorrow,
with Saamanjasya we stand by you*

smiles on these children's faces when VGSOM celebrates Diwali with Disha Seema.

The team also organizes Rangmanch, a drawing competition for the students of Disha Seema. Saamanjasya collaborates with NGOs and conducts live case study competitions based on real life social and environmental issues. B-Schools across the country compete with the common agenda of strengthening the cause of Saamanjasya and making eternal happiness and harmony the ultimate winner.

Springfest

Spring Fest is the annual social and cultural festival of IIT Kharagpur which is truly a celebration of the spontaneity, passion, curiosity, excellence and industriousness of youth! Spring Fest has been a defining event in the lives of students and many accomplished participants since 1960.

It is a golden platform to display the diverse talents of today's

youth from IIT Kharagpur and various other institutions in fields such as dance, dramatics, music, film fest, photography, fine arts, quizzing, gaming and various others and has a social theme as well. It conducts social events such as blood donation, organ donation and various others. Every year it witnesses a tremendous participation and fierce competition in all the events.

The whole 2100 acre campus is decorated like a bride to welcome participants and stars, both national and international.

Purvodaya

Purvodaya Core committee is a student driven body, in charge of orchestrating the annual B-School Fest of VGSOM. Purvodaya- Signifying the Rise of East, witnesses budding managers from across India testing their business acumen in various events, spanning across domains of management such as Marketing, Consulting, Finance and Operations.

Earmarking the silver jubilee of VGSOM, Purvodaya 2018 was held from February 2nd to 4th and witnessed an enormous participation of students from IIMs, JBIMS, XLRI and NITIE et al and had an overall footfall of 13000.

Purvodaya 2018 was organized in association with Innolabz, National Insurance, LIC, Apollo, Nalco etc.

The fest witnessed some of the eminent speakers like, Mr. Anand Sen, Mrs. Arundhati Bhattacharya and Mrs. Rashmi Bansal among others.

Purvodaya 2018 organized events in collaboration with various clubs of VGSOM. Some of the events were:

- Bulls Eye - online stock-trading, by Finterest
- Srijan - B-Plan competition, by E-Cell

- Synergy - case study analysis to test investment acumen, by Drishtee Capital

Various CSR initiatives including marathon, plantation drive were conducted as a part of the three day fest. The fest culminated with the Cultural Night, setting the stage for the dawn of Purvodaya 2019.

Alumni Speak

“

VGSOM offers every student an enviable concoction of experiential learning, capabilities of taking collective decisions and insightful representation of facts and ideas.

The pedagogy has equipped me with right skill-sets to build a character around my decision making and thereby deliver equitable business results in my career so far.

My advice to youngsters and aspirants is to utilize the unparalleled opportunities of learning with fun which the institute offers and equip ourselves with knowledge, capabilities, and relationships that would stand relevant across industries and geographies. Kindly leverage and further the indomitable brand image the institute enjoys.

Arun Kumar (R V L N)
2002 batch
Head: Product Management and Marketing
LG Electronics

”

“

Being an alumnus of the first batch of VGSOM, and being constantly associated with the institute, I take great pride in welcoming you all to one of the most coveted B school of India.

VGSOM gave me significant exposure to various facets of management, along with technical know-how because of the legacy of IIT! I am indebted to the faculty of VGSOM, who not only shared their wealth of knowledge but guided me at every step of the way. One piece of advice, I have for the current batch is that the world is getting digitized, and in order to keep up with the advancement, one needs to constantly learn and relearn thereby continuously develop and evolve.

“

It's a myth that "Things we learn in the classroom are never used in the real business world". But I can say with full conviction that my higher studies at VGSOM have transformed me as an individual, both personally and professionally. And today at such an exclusive professional position, I salute to the institution which offers every student an enviable concoction of experiential learning, experienced faculty, supportive seniors and real-world experiences with lifelong friends. The pedagogy has equipped me with adequate skills set and build an attitude to face real life challenges & thereby deliver equitable business results in my career so far.

My advice to the youngsters & future leaders is to utilize the unparalleled opportunities associated with such an institution with high repute of brand legacy. Nonetheless, my heart will always yearn for those days and insightful sessions I had at my Alma-mater, My VGSOM.

Jayaprakash Jain
Batch- 2011-13
Head- Analytics, Bluedart

”

“

VGSOM is the one the best management colleges in India. It gives a very friendly and comfortable environment for learning.

The intensity & breadth of the MBA programme, Internship/live projects along with highly engaging campus life prepares you for high work pressure, dealing with uncertain situations & challenges in a joyful & balanced way (ethical & good for society).

VGSOM will prompt you to think beyond the textbook context, the best of the faculties & industry leaders (Guest faculty/Guest lectures) transform each student coming from the diverse background & work experience into a well-rounded & outstanding management professional.

Indeed, two years at VGSOM were the best learnings days and gave me beautiful memories, lifelong friends & mentors.

I invite you to experience and be part of the inclusive journey of this Institute which is dedicated to the service of the nation and community.

Rahul Yadav
Batch - 2009-2011

Aahvaan 2018

The Vinod Gupta School of Management, IIT Kharagpur, commemorated its silver jubilee with the grandest form of celebrations under the title of Aahvaan. In an event spanning three days, the institute hosted its distinguished deans and professors along with eminent alumni who joined together in these glorious moments of joy. The celebration was more pompous due to the presence of Mr. Vinod Gupta, founder of the institute, who joined the batches in making this union an epic essay of ecstasy.

The event spanned from 9th to the 11th of March, 2018. It essentially encompassed every flavor of the journey which the institute covered in the past 25 years. The story of the foundation of the institute, narrated by none other than Prof. K. L. Chopra, former director of IIT Kharagpur, who made the path-breaking change in association with the vision and generosity of Mr. Vinod Gupta engrossed the audience with blissful captivity. A panel discussion charting the points for the future roads of VGSOM was held with the eminence of all the former deans and chairmen of the institute. A marathon was organized on the final day with the theme of "Run for Equality". The imprints of all the members of the VGSOM family was captured in a wall of memory marking the closure of the silver jubilee celebrations.

Although the celebrations lasted for three days, it reaffirmed old ties and created newer bonds, relations which will make the walls of this great institute shine with the pride of glory.

Distinguished Faculty of IIT Kharagpur

Mr. Ravi Kant, Former Vice Chairman, Managing Director, Tata Motors

Vinod Gupta School of Management, IIT Kharagpur had the privilege of hosting Mr. Ravi Kant, former Vice Chairman and Managing Director of Tata Motors for a guest lecture. Mr. Ravi Kant is an alumnus of IIT Kharagpur and is soon to join his alma mater as a distinguished professor. Post the completion of his B. Tech, he went on to pursue his Masters and Honorary DSc, from Aston University. He has an illustrious career graph at Tata where he acted as the chairman and director for several group companies.

Mr. Ravi Kant is credited for playing an instrumental role in the development of Tata Motors. He is the brain behind the spectacular turnaround of Jaguar Land Rover – the iconic British multinational automotive company that Tata Motors had acquired from Ford in 2008. Complementing this, Mr. Ravi Kant also played a key role in the development of India's most affordable car, Tata Nano and India's best-selling mini truck Tata Ace. Since his retirement in 2014, he has stepped into the role of a mentor and consultant.

VGSoM hosted a 3-day visit of Mr. Ravi Kant in which he addressed the 1st year MBA students and the members of the "Science of Happiness" program. During his lecture, Mr. Ravi Kant harked back to Tata Motors' first globalization experiment, the acquisition of Daewoo Commercial Vehicle Company of South Korea and the challenges that the company, under him had to tackle at that historical point in time. From cultural barriers to the unwillingness of the Korean automobile giant to merge with an Indian company, Mr. Ravi Kant played an indispensable role in helping the company conquer it all. He advised the students that as future leaders they should be willing to accept cultural differences and learn to think from the point of view of others. The esteemed speaker highlighted how crucial it was for Tata Motors to let Daewoo work in its conventional ways and not impose new work cultures. Mr. Ravi Kant shed light upon the lessons that one can learn from this landmark globalization exercise.

He talked about how he managed to turn around Jaguar Land Rover, a brand that has added substantial value to Tata Motors. He explained how he had to implement cost-cutting measures and do away with certain assets to help Tata Motors recover from a loss, ultimately leading to a reduction of its break-even point by half. According to him being future ready, getting first-hand knowledge of the customer base and taking care of soft issues of the company are the keys to success for a manager.

Mr. R. Gopalakrishnan, Director, Independent Director, Many Companies

Mr. R. Gopalakrishnan, one of the most distinguished alumni of IIT Kharagpur and one of the most valuable employees within the Tata group of companies visited VGSoM, IIT Kharagpur for a guest lecture.

Mr. Gopalakrishnan obtained his graduation degree from IIT Kharagpur and completed the Advanced Management Programme from Harvard Business School. He has served as a Vice Chairman at HUL, as an ED at Tata Sons and director of several Tata Companies. He currently serves as an independent director of listed companies like Akzo Nobel India, Castrol India, and Hemas Holdings PLC, Sri Lanka.

Mr. Gopalakrishnan used an interesting exercise to demonstrate how as employees within an organization, our expectations from the organization outweigh our obligations to it. He went on to talk about the 4A's that could spur us towards success – Accomplishment, Affability, Advocacy and Authenticity. He threw further light on these concepts and concluded with a quote from Aristotle – "The mark of a true mind is the ability to have two contrary ideas and yet function properly".

Mr. Gopalakrishnan made an important point about start-ups. At a time when the country is buzzing with start-ups and entrepreneurs, he asked us to reflect on the path of start-ups a little carefully. Citing the example of nurturing an infant into a responsible citizen of the country, he emphasized on the importance of a strong moral and value system, and how it needs to be established while starting up an organization.

The difference between successful people and everyone else lies in their mindset when they approach a problem. Mr. Gopalakrishnan stated that in order to go a long way in our career, we need to move from a fixed mindset to a growth mindset. Instead of blaming and pointing fingers, we need to be humble enough to accept our mistakes and flexible enough to learn from them.

Talking about salesmanship, he said that in an ideal world, many years for a workplace where they don't have a boss. But Mr. Gopalakrishnan made the audience realize that we're always accountable to someone or the other and hence looking for a boss-less world is the wrong inspiration to make career decisions. He went ahead and underscored the importance of one's ability to sell something in today's world. An idea in itself does not amount to much if one does not have the ability to sell it.

Mr. Gopalakrishnan finished the lecture placing emphasis on the two most important skills he believes the young managers of today need – Dedication to Innovation and Customer Empathy. Without these two skills, one can easily perish in this environment of hyper-competition and disruption.
